ABOUTL NUELEAD

Professional Refrigeration Solutions for Outdoor Living

NUELEAD is a professional manufacturer specializing in outdoor refrigeration equipment. With years of experience in R&D, production and quality control, we provide reliable products and flexible services to customers worldwide.

Our mission is to bring cool living, outdoor lifestyle and lasting value to every home and business.

WHY CHOOSE NUELEAD

PROFESSIONAL EXPERIENCE

Years of experience in refrigeration industry. We understand the market and deliver what you need.

OEM & ODM SUPPORT

Custom design, logo, color, specification and packaging are available to meet your brand needs.

PREMIUM QUALITY MATERIALS

Built with 304 stainless steel and high-quality components for excellent durability and corrosion resistance in outdoor environments.

FRONT VENTILATION DESIGN

Front-venting system allows built-in installation with tight spaces, perfect for outdoor kitchens and islands.

FLEXIBLE VOLTAGE OPTIONS

Available in 110-120V/60Hz and 220-240V/50Hz to meet different countries requirements.

QUALITY INSPECTION BEFORE SHIPMENT

100% functional testing and careful inspection ensure every product is in perfect condition before delivery.

OUTDOOR WINE COOLERS

Perfect Storage.Ideal Temperature.
Enjoy Every Glass.

Front Ventilation
Built-in design with front air circulation, no side or rear clearance needed.

Dual Zone Cooling
Independent upper and lower temperature zones for red, white or sparkling wines.

Touch Control
Precise electronic temperature control with LED display.

Low-E Glass Door
UV-resistant glass helps protect wine from harmful light.

Wooden Shelves
Smooth wooden shelves reduce vibration and protect wine labels.

Built for Outdoors
Stainless steel construction and powerful cooling system perform in high ambient environments.
